

Dear Commission,

First, thank you for your actions pertaining to indecent programming on TV and radio. It is appreciated.

I strongly oppose the consideration of the "F Word" usage. Having been informed that several TV and radio networks have asked you to rescind your ruling and allow the use of the "f" word, I wanted to let you know that this is STRONGLY OPPOSED.

Airways belong to the people. NEITHER CHILDREN OR ADULTS NEED TO HEAR THE "F WORD". Broadcasters and special interest groups are only interested in shock value NOT THE REPERCUSSIONS IN DAILY LIFE.

Stand firm and enforce the decency standards, which you are mandated by Congress to enforce.
